Why is it free?

I need your help with some feedback

I have spent many years developing my teaching team to deliver what I believe to be the very best post graduate massage training in the industry and now need feedback from professionals like you to support my claim

I am looking for just 25 leading therapists to work with and all I ask is that when you have completed your training and assessment with us that you give me your honest feedback about how we have done.

That's it! No hidden agendas, no tricks, no gimmicks

I just need your honest feedback about the training we offer

We are willing to put ourselves on the line with this extraordinary offer:

"The best massage experience you will ever give or receive or your money back.

We passionately believe that Hydrotherm Training will be so important to you and your business, that if by the end of your training day you are not totally convinced, we will give you a full refund."

John Holman

You have absolutely nothing to lose and everything to gain
